

## What is COSTA?

COSTA is a nonprofit organization of school transportation carriers, both private and public, in Connecticut. The association was founded in 1979, and now represents virtually all of the companies and school districts who provide home to school transportation. In recent years we have expanded our membership to include many other companies who offer specialized transportation of children as part or all of their business.

COSTA is dedicated to safety, economy and efficiency in pupil transportation and to stability and growth in the school bus industry.

## Why Should You Join?

As an Associate Member of COSTA, you will enjoy the following benefits.

- \* A complete *Directory of Connecticut School Bus Operators* to facilitate your direct mail advertising
- \* Updates to keep you abreast of new legislation, regulations, and current events in the school bus industry
